Summer 1
What are we learning in Year 2?

Geography

'What is it like to live by the coast?'

We will be learning to name and locate the seas and oceans surrounding the UK using an atlas. We will label these on a map of the UK. We will describe the location of the seas and oceans surrounding the UK using compass points. Define what the coast is. Locate coasts in the UK. We will also describe and name physical and human features in a coastal town.

English

In English this half term our text is Claude in the City by Alex T.Smith. We will be writing character profiles, describing a city, writing a postcard and writing a newspaper report.

Maths

In Maths we are learning about length and height. We will then move on to learn about mass, capacity and temperature. We will also continue to work on Times Table Rock Stars and Numbots.

purple mash

2Paint a Picture

Computing

This half term we are learning how to create pictures.

Science

In Science this half term we are learning about animals and habitats. We will explore and compare the differences between things that are living, dead and things that have never been alive. We will learn to identify and name a variety of plants and animals in their habitats including microhabitats.

Art

We will be using clay to explore how to create different textures. We will create a tile of a house design.

SCARF

PSHE

We are learning about 'Being my best'. Will learn about how to be clean and healthy.

Spanish

We are revisiting our learning about colours and numbers. We will also be learning about dinosaurs.

Religious Education

What do religions/worldviews say about our wonderful world? We will discover that our wonderful world is made up of natural and human made things. We will discuss how different religions believe the world was created. We will discuss how we can care for our world.
