Autumn 2
What are we learning in Year 4?

History

We will focus on how the achievements of the ancient Maya impacted their society and beyond.

English

In English, we are continuing to practise our grammar, punctuation and handwriting skills to improve our writing. We will be using our class text to write letters, descriptions, settings and short narratives.

Maths

In Maths we will be adding and subtracting then moving on to multiplication and division. We will also be doing plenty of times-tables practise!

RE

We will be considering the role of inspirational leaders in a range of religions.

SCARF

PHSE

In Valuing Difference we will think about the things that make us the same and what makes us different from others in our lives and our community..

Design and Technology

The children will investigate and model frame structures to improve their stability, then apply this research to design and create a stable, decorated pavilion.

Science

In our Electricity lessons, the children will learn how to identify common electrical appliances, understand and identify the basic parts of a simple series electrical circuit and recognise common insulators and conductors.

Music- The Rainforest

The children will be exploring rainforests through body and tuned percussion.
