Summer 1
What are we learning in Year 4?

Geography

In Geography, we will focus on understanding the importance of rivers and the water cycle, and their impact on the landscape.

English

In English, we are continuing to practise our grammar and punctuation skills to improve our writing. We will be using There's a boy in the girls' bathroom by Louis Sacher to help us write diary entries as different characters from the story.

Maths

In Maths, we are improving our understanding of fractions and decimals. We will also be calculating with money and measuring time.

Samba Music

The children are learning about the music and culture of South America

Science

In science this half term, we are studying living things and their habitats, researching different biomes and the creatures which live there.

Art

We will be using different media to develop drawings and then create 3D sculptures.

SCARF

PSHE

Being My Best is our theme for this half term's PSHE, helping children understand how to look after their physical and emotional health, make positive choices, build resilience, and recognise the things that help them be the best version of themselves.

Religious Education

This term's focus is on why the 5 Pillars of Islam are so important to the Muslim faith.
