ADVICE SERVICE FOR PARENTS/CARERS OF CHILDREN UNDER 6 YEARS OF AGE

"Supporting your child's speech and language development is one of the most important things you can do"

If you have any concerns about your child's speech and language skills, we offer an advice service where Parents/Carers can contact us to book an initial telephone consultation with a Speech & Language Therapist.

This is a triage appointment and lasts approximately 15-20 minutes. You will be able to discuss your concerns with the Therapist.

Your child does not need to be with you for this consultation

From this appointment the Therapist may:

- ✓ Give reassurance that your child's speech and/or language skills are developing appropriately
- ✓ Provide advice over the telephone to support your child's speech and/or language development
- ✓ Provide leaflets/information on how best to help your child with their speech and language development
- ✓ Ask you to book a follow up appointment so that your child's progress can be reviewed. This appointment may take the form of a further telephone review, video consultation or clinic appointment.

To book your initial appointment, or if you have any further questions, please call our Admin Team on:

01535 292821

We look forward to talking to you
